Nursery Tips:

- We want your experience helping in the nursery to be pleasant. It can happen that too many children are being dropped off in the nursery some Sundays. If this happens, please say to one of the next parents dropping off a child, "we seem to have more children in here than we are comfortable with today – can you stay and give us a hand?"
- Please make sure you understand and are using the sign in/check out system. It is important to keep children in the nursery until their parents/guardians pick them up.
- Introduce yourself to parents/children you do not know. Knowing their name can be helpful.
- Please put up any toys that you think are unsafe.
- If children are crying for a long period of time have someone go into church and let their parents know.
- Invite the children to help you tidy up near the end of nursery time.
- First Aid and cleaning supplies can be found in the closet
- Please contact Joanne Wayne if you have any concerns about our nursery care.
