

Grace Lawn Care Schedule – Summer 2011

Thanks for giving our property some curb appeal by being a part of our lawn mowing team. It makes a difference when guests and visitors drive up, to see a lawn that's been cared for.

Once again you will find two people or a family on the schedule for each week. Please coordinate with your partner. Let them know which part of the lawn you will take care of and when. If the week(s) assigned are not convenient, please arrange a trade with one of the other volunteers on the list, phone numbers are provided.

Two push mowers can be found in the back of the church, behind the shed. You can find the gas can in the shed and the shed key can be found on the wall inside Furnace RM 1 (the door between the new restroom and fellowship hall doors.) If you use the last of the gas, please leave a note in the office or call a member of the board of property listed below. Feel free to use your own mower if you like. If anyone can find a little extra time, it's nice to see some trimming around the trees and building a couple times during the summer. We will be purchasing a trimmer this summer, and will keep it in the Furnace RM1 closet so it can be plugged in and ready for use.

Please note: The highlighted dates mean a wedding is scheduled on Saturday of that week, please plan to mow in the early morning or another time during those weeks.

Many thanks for your time and effort toward our lawn care!
